

TYPE OF GRAPE: 100% SANGIOVESE

Fermentation and vinification and all the processes done in stainless steel tanks.

This is a very pleasant and light everyday wine, very simple and honest as the people that is making it.

This wine is still a pure Sangiovese 100% made from a special and young vineyards which produce nice grapes which are making a wine every year with a nice fruitiness and drinkability for everyday.

This wine is made with around 9 tons of grape per hectare, depending on the vintage too.

This is very fruity and very light, simple and very enjoyable.
